
Release Overview – FileFinder 11.44

Here's a snapshot of what we've delivered in this release:

- Added the ability to Bulk Update Assignments
- Users can search on Memorandum text across all modules
- Users can search for people who do not have an attachment
- "Placed Candidate" column added to Assignment and Flex Assignment search results and lookup lists
- "Placed Candidates" and "Actual Completed Date" columns added to the Company Assignments Tab
- The Subject line can now be saved in email templates
- 'Attached' column added as a column chooser option in Marketing Campaign Contacts tab
- Gender field added to the column chooser for Assignment Candidate lists, People lists and Person Bulk Update screen
- "Company Name" label changed to "Assignment Company" on Person Log
- 'Assignment ID' and 'Assignment Reference' fields added to the Report designer for the "KPI Assignment Cycle time" cross module report
- "Attachment (Most Recent)" infobox on Person Summary tab description has been modified to explain how the attachment is displayed
- The CV/Resume parser has been updated to the latest version
- Fixed an issue where "Log Email in FF" was duplicating the Attachment within FileFinder

New Functionality/Features and Enhancements

- **Added the ability to Bulk Update Assignments**
 - Users can now Bulk Update Assignments from an Assignment list
 - Allows users to Bulk Update Assignment Details, Skills, and User defined fields

The screenshot shows a dialog box titled "Bulk Update Assignment" with a close button (X) in the top right corner. Below the title bar, there is a subtitle "Bulk Update Assignment" and a prompt "Enter details to update to all selected records". The dialog is divided into three main sections: "Details", "Skills", and "User Defined Attributes".

- **The Subject line can now be saved in email templates**
 - When editing or creating a new email template, a new field called "Email Subject" has been added on the Email Templates Manager screen
 - This allows a user to save the subject of the email template, so they do not need to enter it each time they send the email template out
 - The subject line will automatically get copied to the send new email window

The screenshot shows the 'Email Templates Manager' dialog box. The 'Email Subject' field is highlighted with a red box and contains the text 'Consent Request'. Other fields include 'Name' (Consent Request), 'Reference', 'Ownership' (All Users, @@ BC S), 'Language' (English), 'Contact Type' (General Contact), 'Category' (Revised Resume), 'Is Active' (checked), and 'Expiry Date'. The dialog also includes a 'Description' field and an 'Email Designer' button.

- **'Attached' column added as a column chooser option in Marketing Campaign Contacts tab**
 - Allows users to see when the last document was attached to Campaign Contacts

 **RM Mass Market 2020**
Campaign Id: 12

User Defined Attributes

- **"Company Name" label changed to "Assignment Company" on Person Log**
 - This has been done to avoid confusion as previously it suggested that this was the company the candidate was employed at

John Smith
 DS Ltd, Sales, Person Id: 49359

 Title: SaaS WebPort
 Progress:

Meeting FUP

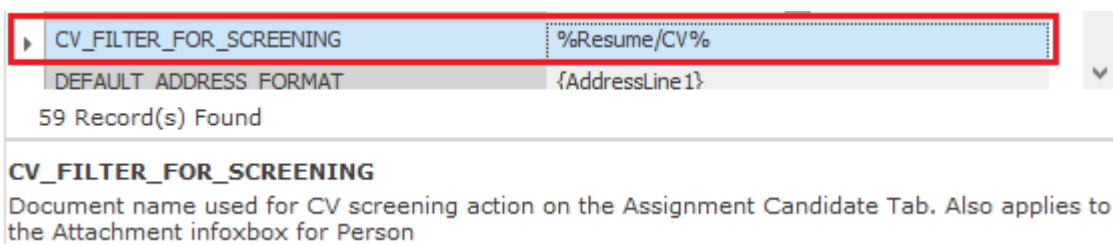

- **'Assignment ID ' and 'Assignment Reference' fields added to the Report designer for the "KPI Assignment Cycle time" cross module report**

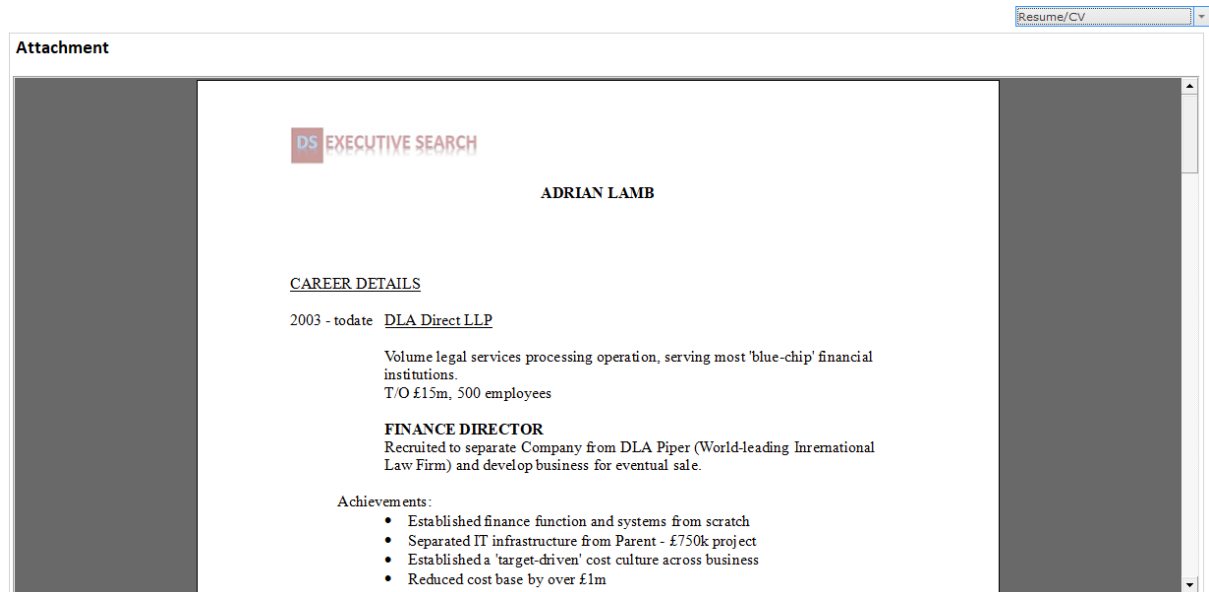

- "Attachment (Most Recent)" infobox on Person Summary tab description has been modified to explain how the attachment is displayed

- The "Attachment" infobox uses the "CV_FILTER_FOR_SCREENING" setting in Admin. The description of this setting has been changed to make this clearer

- **"Localization" button in Admin picklists area has been removed**
 - The feature is no longer supported so has been removed
- **Unused GatedTalent columns removed from the Browser Marketing Contacts tab**
 - The below columns were no longer in use and have removed from the Marketing Contacts tab in Browser

Compliance Result	GT Error Code	GT Error Description

- **The CV/Resume parser has been updated to the latest version**

Bug Fixes

"Log Email in FF" duplicates the Attachment within FileFinder

Find any email with two or more attachments where the sender is already in your database.

When you click **Look-up Person** to open the profile, click **Log Email in FF** and you will be presented with a small email pane window.

On here do not make any changes and click **Save** to send the email & attachment over to FileFinder.

When going into FileFinder and then going into the **Attachment** area of the candidate just added, the email attachment is duplicated.

This has been fixed.

Cannot save person record in Browser

Add a Switchboard number for a company in the Desktop version and add a Contact for that company.

Then clear the Switchboard number for that company.

Then in the Browser, lookup the person added and change the anything on the record and save, it shows an error.

This has been fixed.

Refresh issue using Merge records on Browser Lookup screens

When merging records on the Browser Lookup screens, it would keep the deleted record in the list after completing the merge

This issue has been fixed.

The Search window is not displaying the Owning user correctly in the query panel section

It displays the id rather than the actual name.

This has been resolved.
